FAN PREVENTATIVE MAINTENANCE PROGRAM

DOWNTIME PREVENTION

Why do I need a preventative maintenance program for my fans?

By the time your fan breaks down it's too late to prevent downtime. You are already down.

SafeHoods Fan Preventative Maintenance Program provides your business with ongoing services needed to maintain fan performance and prevent costly breakdowns.

CONFIDENCE

Semi-annual preventative maintenance visits give you confidence that your fan is and will continue to operate in top condition

EARLY DETECTION

Emerging issues caught and corrected before they stop your kitchen in its tracks

RECOVERY SPEED

If an emergency does occur, we get you up and running again quickly, with discounts on expedited service calls and using our large in-stock inventory of common parts

SAVINGS*

- Free fan belt replacements
- Discounts on parts (including motors)
- Fan purchase discounts
- Waived/discounted expedited service fees

*Details depend upon plan chosen

Our Passion is Quality SERVICE
